

DOWNSIZE DETAIL

Personally managed. Meticulously delivered.

From first clearance
to final key.
One person. One standard.

Most homeowners underestimate what getting a property genuinely ready for market involves. Weekends lost. Trades that cost more under deadline. Value walked out the door. Downsize Detail personally manages every element of your preparation so none of that falls on you, and your home presents at its premium best.

BEFORE YOUR CAMPAIGN

Clearance, trades, and full presentation personally managed before a single photograph is taken. Your home is ready. Your listing looks exactly as it should.

DURING YOUR CAMPAIGN

Every open home presented to a premium standard. You are kept across every detail. No surprises on the day.

THROUGH TO SETTLEMENT

Post-sale coordination handled with care. You are supported and personally looked after all the way to the final key.
